

RAPID STEP

NEW!

YOUR FIRST CHOICE

Easy to carry around using cut out handle.

Non-slip tread pattern on steps.

CODE
PTRS1

The Rapid Step is a long lasting, multipurpose step, guaranteed to make your everyday activities easier. Ideal for mounting horses, the Rapid Step makes mounting effortless for every rider, and reduces strain for both your saddle and horse. With no sharp edges, this step is safe for your horse to walk around. This rust free product is manufactured from polyethylene, and is UV stabilised making it suitable for harsh Australian conditions. The Rapid Step can easily be carried around using the integrated handle. Together with a wide base and non-slip tread patterns, this step is safe and secure.
